

Payment Request Usage List

PURPOSE

To identify specific commodities for which a Payment Request form may be completed and submitted to Payment Services' Specialty Team for payment processing. Note: When accepted by the payee, a P-Card may be used in lieu of a Payment Request form.

APPLICABILITY

Regardless of dollar value, a Payment Request form is used for certain types of commodities for which a formal purchase order is not required or where negotiation by Purchasing Services adds no value. Commodities not identified on this Usages List must be processed via a Purchase Requisition, P-Card, or Travel Expense Report.

CONDITIONS & RESTRICTIONS

- **Certificate of Insurance:** Any payee or its employee(s) that will provide a service to the Institute – on Caltech property – must provide, at their own expense, a certificate of insurance that must meet Caltech's insurance requirements and name Caltech as an additional insured. Reference section 12 (Insurance) of Section 1 – Commercial Items or Services Contract General Provisions at: <http://procurement.caltech.edu/documents/95-commercialitemsorservices.pdf>
- **Reportable Payees:** Any payee/payment reportable under IRS regulations will require review for possible inclusion in 1099 reporting at year end. These are generally individuals or sole proprietors. Employees are discouraged from paying these individuals directly with their own personal funds and later requesting reimbursement from the Institute. Doing so creates an "intermediary" payer situation. Instead, payments to individuals should be completed by the Institute to the individual directly. This preserves a clear 1099 reporting relationship. Employees may use their P-Card for these types of payments as the bank will administer 1099 reporting.
- **Contractual Relationships:** When payment commits the Institute to a contractual relationship, the contract must be reviewed and signed by the Purchasing Services Department.

Other restrictions/exceptions may apply. For questions, please call the Procurement Services Hotline at (626) 395-8900
